Making our hospitals
even better.

Staff Fundraising

...Let's do it!

Charity No: 1059455

Staff Fundraising

What better place to start your fundraising journey than in your workplace?

After all, it's where we spend a huge proportion of our time.

Staff fundraising is a fantastic way to engage with your colleagues and create a sense of community in the workplace. You can support your local hospitals whilst boosting team morale and generating a positive working environment.

Funds raised can help pay for specialist equipment, advanced research and refurbishments to brighten the hospital environment, creating a more comfortable hospital experience for all.

Whether you're working from home or in the office, there are many ways you can get involved. Our team will work closely with you to develop your ideas and make best use of your company's resources and expertise. Together we can really make a difference to the lives of people in our community!

Are you ready to do something amazing?

- **Organise a work event** - dress down day, raffle, quiz night or cake sale, the list is endless
- **Participate in a sponsored event** - dare to do something big! Take part in a range of activities, from marathons to skydives
- **Support us** - take on one of our events and run it as your own (e.g The Big Brew and Bauble campaigns)
- **Donate raffle prizes** - we love hosting raffles, ask your employer what your company can donate as a fantastic raffle prize
- **Sign up to a Payroll Giving scheme** - encourage your employer to sign up your colleagues
- **Volunteer** with us
- **Gift match it** – can your employer make your donation go further?

Fundraising for a charity close to your heart is a great way to connect with your colleagues

King George and Queen's hospitals are your local hospitals, and our charity focuses on providing the extras to make your hospital journey the best it can be. Most of you that live or work within our catchment area will have already used our hospitals or will need them in the future.

This could be for illness, emergency care or maybe the joy of bringing a new life into the world. Our promise is to never subsidise the core NHS budget, but fund the extras that go above and beyond. Fundraising for us will help to ensure that every individual who comes through our hospital doors, continues to receive the very best care and treatment in the most comfortable environment possible.

We're here to help so, let's get started!

We can't wait to help you get the most out of your fundraising. You will have our full support, whatever way you decide to raise funds for our hospitals. We have a supply of branded items - posters, literature and t-shirts to make your event stand out from the crowd.

We will be on hand to help you organise inclusive and creative fundraising ideas to motivate you and your colleagues. If you're planning something big, we can visit your offices to help you and also come along on the day to support you.

Money raised from staff fundraising makes a substantial difference to our work, so if you're looking for an exciting new challenge, to make a positive impact, we're only a call away.

"Fundraising for the charity has been extremely rewarding! I've been able to have fun with my colleagues whilst raising money for local hospitals that both myself and family use.

I raise money to help provide the extras in my department, so I can bring a little joy to patients through their difficult journey."
